## The Dog Vegas Finals Sunday 26<sup>th</sup> July 2015.

### Large Dogs Agility Grade 6

### Competition Rules

[www.dogvegas.co.uk](http://www.dogvegas.co.uk)

The “Dog Vegas Qualifier” is a competition for Large dogs, eligible for Grades 6  
There will be approximately ten qualifying heats. The top 5 dogs from each heat (top 3 if the heat is split into 2 parts), will qualify for the **The Dog Vegas Final** comprising of approx 50 dogs at the July Dog Vegas show in 2015.

1. This class must be judged under the appropriate Kennel Club Rules in force at the time of the competition
2. If the entry for a heat exceeds the KC limit for a judge in a day then the class will be equally and randomly split and another judge appointed for the second part.
3. All competitors entering the class will be deemed to have agreed to abide by the rules of the Kennel Club

and the specific regulations governing this class.

4. Handlers may enter more than one dog in the competition and may qualify more than one dog for the final event.
5. Once a dog has qualified for the final it may enter further heats, as long as it is still eligible for Grade 6.
6. Handlers who have already qualified their dog for the final must report this fact to the appropriate Show Secretary before running in the class. If the already qualified dog then qualifies again, the place will be awarded to the highest placed unqualified dog.
7. The first five dogs from the heat will be invited to compete in the final. The next five dogs will be held as reserves.
8. If the class is split the top three dogs from each part will be invited to compete in the final. The next top three in each part will be held as reserves.
9. In the event of a dog being unable to compete in the final due to unavailability, illness or injury the reserves from that heat will be called up in numerical order.
10. In the event of a handler being unable to compete in a final due to **illness or injury** a substitute handler for the qualifying dog will be allowed to run the dog.

Alternatively the handler can nominate which pair should continue in the heat.
- 4) The pairs will compete against each other over two similar courses. There will be a judge for each course. There will be a baton change between the first and second handler which must take place behind a line, failure to do so will incur 100 faults. - 5) The course will be a fast flowing speed course consisting of 10 obstacles, made up of jumps, tunnels and weaves (6 poles) only. Normal marking will apply. If a dog is eliminated, it will incur 100 faults. Should both pairs be eliminated, the pair which was eliminated first will lose.
- 6) The first dog must start once the judge blows the whistle, failure to start on the whistle will incur 100 faults, re setting your dog or waiting for the other team to start will not be allowed.
- 7) The winning pairs from each round will go through to the next round until there is only one pair remaining.
- 8) Pairs will be issued with a running order which must be strictly adhered to. Pairs failing to run when due will be eliminated and the other pair will go through to the next round.
- 9) Only handlers and dogs originally entered may compete at the final (except in the case of rule 3, Any changes are at the organisers discretion.

## Eligibility of Classes

In the following definitions of classes first prize or other prize wins are those gained in standard classes at any kennel club licenced championship agility, premier agility ,open agility or limited agility shows(ie Special classes and invitational events excepted).Only a first place with a clear round completed within the course time set by the judge will count towards grade progression. Standard classes may be scheduled for agility shows as agility classes or jumping classes. All standard classes must contain the weaving poles obstacle. **Progression.** Progression from each grade will require one agility win or three jumping wins in standard classes at that grade, except that grade progression from Grade 5 will require 3 wins at Grade 5, one of which must be an agility class.
