Wednesday 25th May

1. Jump & Drive. Start Time 9am. Judged by Yvonne Horner

A jumping course. The class is open to all heights and grades of dog and handler. Dogs will compete at the height that they are capable of doing. (Veteran height will be available)

The course will consist of jumps and tunnels only. Obstacles are marked in line with Kennel Club standard marking.

Any other faults apart from elimination will be carried as time faults – i.e. 5 faults for knocking a pole will equal 5 seconds added to your time.

Elimination will mean you will not be able to do the drive section of the course.

On completion of the jumping section, the handler must either – leave the dog in a stay or in the cage provided. If left in a stay (the quickest option) the dog must stay until the handler has completed the drive section, if the dog breaks its stay, the handler must return to the dog and place it back in a stay, thus losing time.

The course time will be set by the judge.

In the event that we have a tie on time – the combination that completed the drive section in the fastest time will be the winner. Trophy for the winner. You may enter this class more than once. Entry fee £2.50, payable at the show.

This class is designed to be fun – so please enjoy yourself.

2. Power and Pedal. Start time 1.30pm Judged by Yvonne Horner

The class is open to all heights and grades of dog and handler. Dogs will compete at the height that they are capable of doing. (except veteran)

The course will consist of at least 3 contacts, a long jump, 2 spreads and up to 5 other obstacles (at the judges discretion). Obstacles are marked in line with Kennel Club standard marking.

Any other faults apart from elimination will be carried as time faults – i.e. 5 faults for knocking a pole/missing a contact will equal 5 seconds added to your time.

Elimination will mean you will not be able to do the pedal section of the course.

On completion of the power section, the handler must either – leave the dog in a stay or in the cage provided. If left in a stay (the quickest option) the dog must stay until the handler has completed the pedal section, if the dog breaks its stay, the handler must return to the dog and place it back in a stay, thus losing time.

Once the pedal section has started, a 2 second time fault will be added for every time the handler touches the ground with any part of his/her body.

The course time will be set by the judge.

In the event that we have a tie on time – the combination that completed the pedal section in the fastest time will be the winner. Trophy for the winner. You may enter this class more than once. Entry fee £2.50, payable at the show.

This class is designed to be fun – so please enjoy yourself.

Tel Cheryl on 01246233759

The "Dog Vegas Qualifier" is a competition for Small dogs, eligible for Grades 3,4 & 5.

There are **5 qualifying heats**. The top 3 dogs from each heat (top 2 if the heat is split into 2 parts), will qualify for the "£ Dog Vegas £" Grand Final comprising of approx 30 (15 small & 15 medium) at the August Dog Vegas show in 2011.

1. This class must be judged under the appropriate Kennel Club Rules in force at the time of the competition
2. If the entry for a heat exceeds the KC limit for a judge in a day then the class will be equally and randomly split and another judge appointed for the second part.
3. All competitors entering the class will be deemed to have agreed to abide by the rules of the Kennel Club and the specific regulations governing this class.
4. The competition is open to Kennel Club registered dogs eligible to compete at Large Height Grade 3,4 & 5.
5. Handlers may enter more than one dog in the competition and may qualify more than one dog for the final event.
6. Once a dog has qualified for the final it may enter further heats, as long as it is still eligible for Grade 3,4 or 5.
Handlers who have already qualified their dog for the final must report this fact to the appropriate Show Secretary before running in the class. If the already qualified dog then qualifies again, the place will be awarded to the highest placed unqualified dog.
7. The first three dogs from the heat will be invited to compete in the final. The next three dogs will be held as reserves.
If the class is split the top two dogs from each part will be invited to compete in the final. The next top two in each part will be held as reserves.
8. In the event of a dog being unable to compete in the final due to unavailability, illness or injury the reserves from that heat will be called up in numerical order.
9. In the event of a handler being unable to compete in a heat due to illness or injury a substitute handler for the qualifying dog will be allowed to run the dog, providing the substitute handler is still eligible for Grade 3,4 or 5.

Class 40:-The Team Dash Qualifier

The Team Dash is a competition for teams of four dogs and handlers, run as a relay over a simple jumping course. It is designed as a flowing sprint event with spectator appeal; accessible to all grades of handlers and all heights of dogs. Teams of four large, four medium or four small dogs run over the same course at their own height, under identical conditions.

There are ten qualifying heats. The top two teams from each heat, regardless of height, qualify for a final comprising of twenty teams at the Dashin Dogs August show.

It is a requirement of this competition that the course contains few (if any) traps, and is of 'fast and flowing style'. A simple course such as a figure of eight, or a largely circular or helter-skelter style course is most appropriate.

- The competition is classified under Kennel Club Regulations as Combined Grades 1 to 7 and Special, and will be held under KC Rules and Show Regulations H & H1 as in force at the date of the competition. Additional rules apply as described below. Competitors entering this competition are deemed to have agreed to abide by these rules.
- All dogs entered in the team (including reserves) **MUST** be entered in the show in at least 1 normal height class (i.e. not veterans or anysize).
- All teams must consist of four dogs of the same height classification, handled by four separate handlers. All teams will compete over the same course at the appropriate height of the team of dogs competing.
- Substitute dogs for teams are permitted, provided that (i) the dog(s) is/are already entered in the show, (ii) the dog(s) is/are not already entered in another team in this heat and (iii) alterations are made before the run and recorded on the scribe sheet.
- Dogs may only compete in one team in any given heat. Should one dog be entered in more than one qualifying team across the heats then the first team to have qualified will go through to the final and any subsequent teams will not be eligible (this **DOES NOT** apply to handlers).

- The course must contain two changeover lines, clearly marked with start/finish poles, each with a minimum gate width of 4m. Dogs 1 & 3 start behind line A and finish behind line B. Dogs 2 & 4 start behind line B and finish behind line A. (Handler 1 may use a recall start). The inward and outward courses can be different, but both dogs from behind the same line must run the same course.
- The course each dog is required to negotiate shall contain no less than 14 and no more than 20 obstacles.
- This is a relay event and two suitable batons must be provided. All baton changes must be completed with the handlers and dogs behind the appropriate changeover line. Failure to comply with this, or an incorrect baton change (i.e. throwing or dropping the baton at changeover) will incur a penalty of 50 points on each occasion. Stewards may be appointed by the judge to adjudicate changeovers if required.
- For each dog an elimination on the course incurs a single penalty of 100 points, however the judge will continue to mark any further faults on the remainder of the course and the faults of any remaining dogs.
- The team with the fastest time and the least faults, wins. The top two teams from each heat qualify for the final (unless the heat is split – see rule 11).
- If the entry for a heat exceeds the KC limit for a judge in a day then the class will be equally and randomly split. The winning team from each part will be regarded as the two qualifying teams from that heat.
- Only the members of an original qualifying team (as specified on the scribe sheet at the time of the run) or the two original named reserves, will be allowed to compete in the final.
- In the event of a team being unavailable for the final, a reserve team will be called from the heat in which the qualifying team qualified.

Individual trophies and rosettes will be provided for 1st and 2nd placed teams and individual rosettes will be provided for 3rd to 6th placed teams (in the event of a split heat trophies will go to 1st and rosettes to 3rd for each part).

CLASS 123 :- LAZER PAIRS

The 'Laser' knockout pairs is a fun competition, sponsored by Blair and Jenny Willis in memory of Laser (Fels Magic Laser), who really loved competing in the knockout pairs competitions.

- 1) The class will be open only to all large dogs.**
- 2) There will be eight qualifying heats. The top four pairs from each heat will qualify for the Final, which will take place at Dashin' Dogs summer show in 2011. Once a pair has qualified for the final, they may not run in further heats for the final which they have qualified for.**
- 3) Handlers may enter more than one pair. Dogs may only compete in one pair in any heat. If a handler has entered more than one pair and is drawn to run against themselves, they may nominate another handler to run one of the dogs, that handler must then continue to run the dog for the rest of the heat and if they qualify for the final, they must run the dog in the final. Alternatively the handler can nominate which pair should continue in the heat.**
- 4) The pairs will compete against each other over two similar courses. There will be a judge for each course. There will be a baton change between the first and second handler which must take place behind a line, failure to do so will incur 100 faults. Time and faults will be added together and the winning pair will be the one with the lowest time. The judges' decision will be final.**
- 5) The course will consist of 10 obstacles made up of jumps, tunnels and weaves (6 poles) only. Normal marking will apply. If a dog is eliminated, it will incur 100 faults. Should both pairs be eliminated, the pair which was eliminated first will lose.**
- 6) The winning pairs from each round will go through to the next round until there is only one pair remaining.**
- 7) Pairs will be issued with a running order which must be strictly adhered to. Pairs failing to run when due will be knocked out and the other pair will go through to the next round.**
- 8) Only handlers and dogs originally entered may compete at the final (except in the case of rule 3). Any changes are at the organisers' discretion.**

The winners and runners up for each heat will receive a trophy and rosettes will be presented to the last 8 pairs.

Eligibility and Definition of Classes

This classification should apply to competitions for large, medium & small dogs. In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Open agility shows (i.e. limited agility shows, special classes & invitation events excepted). Only a first place with a clear round will count towards grade progression. Societies may schedule classes other than those defined below. The eligibility for "special" classes must be defined by the society & included in the schedule. The word "special" must be included in the title of the class. Agility classes to include contact points & jumping classes where there are not contact obstacles. With this proviso classes are defined as follows:

Class Structure: a class may either be held as a **Graded class** or a **Combined class**. A Graded class may be scheduled for one or more consecutive grades with separate results & awards issued for each grade. A Combined class may be scheduled for more than one consecutive grade with one overall set of results.

Progression: Progression from each grade will require one agility win or three jumping wins at that grade, except the progression from Grade 6 will require 4 wins at Grade 6, two of which must be agility classes. Results from combined classes will only count towards progression from the dog's current grade.

Points Progression: at the handler's discretion a dog may progress up to grade 5 by winning 75 points at each grade, using the Agility Warrant points scheme, regulation K3.c refers, except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the show secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it cannot return to a previous grade.

Only first prizes & points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade).

Grade 1 (Elementary)	For owners, handlers or dogs which have not gained a first place in an agility class or three first places in jumping classes at Kennel Club licensed Agility Shows. N.B. Owners, handlers or dogs previously qualified out of grade 1 (Elementary) are not eligible for this class.
---------------------------------	--

Grade 2 (Starters)	For owners, handlers or dogs which have qualified out of Grade 1 but have not gained a first place in an Agility Class or three Jumping Classes at Grade 2 at Kennel Club licensed Agility Shows. N.B. Owners, handlers or dogs previously qualified out of Grade 2 (Starters) are not eligible for this class.
Grade 3 (Graduate)	Open to dogs which are not eligible for Grade 1 or 2 or have elected to progress on points from Grade 2 at Kennel Club licensed Agility Shows & dogs which are not eligible for Grades 4, 5, 6 or 7.
Grade 4 (Novice)	Open to dogs which have gained a first place in an Agility Class or three Jumping Classes at Grade 3 or elected to progress on points from Grade 3 at Kennel Club licensed Agility Shows and are not eligible for Grades 3, 5, 6 or 7.
Grade 5 (Intermediate)	Open to dogs which have gained a first place in an Agility Class or three Jumping Classes at Grade 4 or elected to progress on points from Grade 4 at Kennel Club licensed Agility Shows and are not eligible for Grades 3, 4, 6 or 7.
Grade 6 (Senior)	Open to dogs which have gained a first place in an Agility Class or three Jumping Classes at Grade 5 or elected to progress on points from Grade 5 at Kennel Club licensed Agility Shows and are not eligible for Grades 3, 4, 6 or 7.
Grade 7 (Advanced)	Open to dogs which have gained a minimum of four first places at Grade 6 at Kennel Club licensed Agility Shows, two first places must be gained in Agility (not Jumping) Classes.

DOGS IN CARS ON HOT DAYS

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts traveling to and whilst at KC licensed events.

- When traveling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.
- The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.
- Ensure your dog is not sitting in full sunlight. There should be plenty of free flowing air around the dog.
- When at the show, never leave your dog in the vehicle.
- Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.
- Avoid your dog taking part in unnecessary exertion, or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.
