### **ELIGIBILITY FOR CLASSES**

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Open Agility Shows (i.e. Limited Agility Shows, special classes and invitation events excepted). Only a first place with a clear round **within course time** will count towards grade progression.

Agility classes to include contact points and Jumping classes where there are no contact obstacles. With this proviso classes are defined as follows:-

**Class Structure.** A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

**Progression.** Progression from each Grade will require one Agility win or three Jumping wins at that grade, except that progression from Grade 6 will require 4 wins at Grade 6, two of which must be agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

**Points Progression.** At the handler's discretion a dog may progress up to Grade 5 by winning 75 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers), except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

### **STANDARD CLASSES**

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

#### **Grade 1 (Elementary)**

N.B. Owners handlers or dogs previously qualified out of Grade 2 (Starters) are not eligible for this class

#### **Grade 3 (Graduate)**

#### **Grade 4 (Novice)**

Open to dogs which have gained a first place in an Agility Class or three first places in Jumping Classes at Grade 3 or elected to progress on points from Grade 3 at Kennel Club licensed Agility Shows and are not eligible for Grade 3, 5, 6 or 7

#### **Grade 5 (Intermediate)**

Open to dogs which have gained a first place in an Agility Class or three first places in Classes at Grade 4 or elected to progress on points from Grade 4 at Kennel Club licensed Agility Shows and are not eligible for Grade 3, 4, 6 or 7.

#### **Grade 7 (Advanced)**

## DOGS IN CARS ON HOT DAYS

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts traveling to and whilst at KC licensed events.

- When traveling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- If your vehicle is not air-conditioned seriously consider whether traveling to the show is a good idea at all.
- The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.
- Ensure your dog is not sitting in full sunlight. There should be plenty of free flowing air around the dog.
- When at the show, never leave your dog in the vehicle.
- Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.
- Avoid your dog taking part in unnecessary exertion or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

**WARNING: IF YOUR DOG IS FOUND TO BE AT RISK FORCIBLE ENTRY TO YOUR VEHICLE MAY BE NECESSARY WITHOUT LIABILITY FOR ANY DAMAGE CAUSED.**

Anyone whose dog is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise. Breach of Kennel Club Regulations in this respect may be referred to the General Committee for disciplinary action under Kennel Club Rules and Regulations.

Right to Refuse Entries. Exhibitors/Competitors are reminded that show societies have the right under Kennel Club Regulation to refuse any entry.

# KONG®

# KONG®

*Your dog will love you for it.™*

*Chase the Ace* is a competition for teams of four dogs and handlers, run as a relay over a simple "circular" , "Helter Skelter" or "Figure of Eight" jumping course. It is designed as a flowing sprint event with spectator appeal; accessible to all grades of handlers and all heights of dogs. Teams of four large, four medium or four small dogs run over the same course at their own height, under identical conditions.

### **No Tyre can be included in the course .**

There are 6 qualifying heats. The top two teams from each heat, regardless of height, qualify for a final comprising of 12 teams at the **Dog Vegas show at Grantham on Friday 27<sup>th</sup> July 2012**

- The competition is classified under Kennel Club Regulations as Combined Grades 1 to 7 and Special, and will be held under KC Rules and Show Regulations H & H1 as in force at the date of the competition. Additional rules apply as described below. Competitors entering this competition are deemed to have agreed to abide by these rules.
- All dogs entered in the team (including reserves) MUST be entered in the show in at least 1 normal height class (i.e. not veterans or anysize).
- All teams must consist of four dogs of the same height classification, handled by four separate handlers. All teams will compete over the same course at the appropriate height of the team of dogs competing.
- Substitute dogs for teams are permitted, provided that (i) the dog(s) is/are already entered in the show, (ii) the dog(s) is/are not already entered in another team in this heat and (iii) alterations are made before the run and recorded on the scribe sheet.
- Dogs may only compete in one team in any given heat. Should one dog be entered in more than one qualifying team across the heats then the first team to have qualified will go through to the final and any subsequent teams will not be eligible (this DOES NOT apply to handlers).
- The course must contain two changeover lines, clearly marked with start/finish poles, each with a minimum gate width of 4m. Dogs 1 & 3 start behind line A and finish behind line B. Dogs 2 & 4 start behind line B and finish behind line A. (Handler 1 may use a recall start). The inward and outward courses can be different, but both dogs from behind the same line must run the same course.
- The course each dog is required to negotiate shall contain no less than 14 and no more than 20 obstacles.
- This is a relay event and two suitable batons must be provided. All baton changes must be completed with the handlers and dogs behind the appropriate changeover line. Failure to comply with this, or an incorrect baton change (i.e. throwing or dropping the baton at changeover) will incur a penalty of 50 points on each occasion. Stewards may be appointed by the judge to adjudicate changeovers if required.
- For each dog an elimination on the course incurs a single penalty of 100 points, however the judge will continue to mark any further faults on the remainder of the course and the faults of any remaining dogs.
- The team with the fastest time and the least faults, wins. The top two teams from each heat qualify for the final (unless the heat is split – see rule 11).
- If the entry for a heat exceeds the KC limit for a judge in a day then the class will be equally and randomly split. The winning team from each part will be regarded as the two qualifying teams from that heat.
- Only the members of an original qualifying team (as specified on the scribe sheet at the time of the run) or the two original named reserves, will be allowed to compete in the final.
- In the event of a team being unavailable for the final, a reserve team will be called from the heat in which the qualifying team qualified.

**Individual trophies and rosettes will be provided for 1<sup>st</sup> and 2<sup>nd</sup> placed teams (in the event of a split heat trophies will go to 1<sup>st</sup> placed teams for each part).**

## Jump & Drive

### 1. The jumping course.

All faults will be carried as time faults – i.e. 5 faults for knocking a pole will equal 5 seconds added to your time.

Elimination will be marked at 1 minute added to your course time.

On completion of the jumping section, the handler must either – leave the dog in a stay or in the cage provided. If left in a stay (the quickest option) the dog must stay until the handler has completed the drive section, if the dog breaks its stay, the handler must return to the dog and place it back in a stay, thus losing time.

### 2. The Driving Course

Handlers to negotiate a testing fun Driving course. The Driving event will be timed.

In the event that we have a tie on time – the combination that completed the drive section in the fastest time will be the winner.

This class is designed to be fun – so please enjoy yourself.

## Pedal Power

### 1. The Agility course

All faults will be carried as time faults – i.e. 5 faults for knocking a pole will equal 5 seconds added to your time.

Elimination will be marked at 1 minute added to your course time.

On completion of the power section, the handler must either – leave the dog in a stay or in the cage provided. If left in a stay (the quickest option) the dog must stay until the handler has completed the pedal section, if the dog breaks its stay, the handler must return to the dog and place it back in a stay, thus losing time.

### 2. The Pedal Course

Once the pedal section has started, a 2 second time fault will be added for every time the handler touches the ground with any part of his/her body. The course time will be set by the judge.

In the event that we have a tie on time – the combination that completed the pedal section in the fastest time will be the winner.

This class is designed to be fun – so please enjoy yourself.
