## ELIGIBILITY AND DEFINITION OF CLASSES

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. Limited Agility Shows, special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows:- Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will require one Agility win or three Jumping wins in standard classes at that grade, except that progression from Grade 5 will require 3 wins at Grade 5, one of which must be an agility class. Progression from Grade 6 will require 4 wins at Grade 6, two of which must be Agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant point's scheme (Regulation K3.c refers) except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it cannot return to a previous grade. Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed

## STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and point's progression referred to in the definition apply only to one dog and not an accumulation of dogs.

## DOGS IN CARS ON HOT DAYS

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts travelling to and whilst at KC licensed events.

When travelling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.

If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.

The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.

Ensure your dog is not sitting in full sunlight. There should be plenty of free flowing air around the dog.

When at the show, never leave your dog in the vehicle.

Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.

Avoid your dog taking part in unnecessary exertion or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

**WARNING: IF YOUR DOG IS FOUND TO BE AT RISK FORCIBLE ENTRY TO YOUR VEHICLE MAY BE NECESSARY WITHOUT LIABILITY FOR ANY DAMAGE CAUSED.**

Anyone whose dog is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise. Breach of Kennel Club Regulations in this respect may be referred to the General Committee for disciplinary action under Kennel Club Rules and Regulations.

Right to Refuse Entries - Exhibitors/Competitors are reminded that show societies have the right under Kennel Club Regulation to refuse any entry.

## The Dog Vegas Finals 2017

### TAG Team Dash sponsored by TAG & Norton Rosettes

The TAG Team Dash is a competition for teams of four dogs and handlers, run as a relay over a simple jumping course. It is designed as a flowing sprint event with spectator appeal; accessible to all grades of handlers and all heights of dogs. Teams of four large, four medium or four small dogs run over the same course at their own height, under identical conditions.

There are ten qualifying heats. The top two teams from each heat, regardless of height, qualify for a final comprising of twenty teams at the TAG August show at Uttoxeter Racecourse.

It is a requirement of this competition that the course contains few (if any) traps, and is of 'fast and flowing style'. A simple course such as a figure of eight, or a largely circular or helter-skelter style course is most appropriate.

1. The competition is classified under Kennel Club Regulations as Combined Grades 1 to 7 and Special, and will be held under KC Rules and Show Regulations H & H1 as in force at the date of the competition. Additional rules apply as described below. Competitors entering this competition are deemed to have agreed to abide by these rules.
2. All dogs entered in the team (including reserves) MUST be entered in the show in at least 1 normal height class (i.e. not veterans or anysize).
3. All teams must consist of four dogs of the same height classification, handled by four separate handlers. All teams will compete over the same course at the appropriate height of the team of dogs competing.
4. Substitute dogs for teams are permitted, provided that (i) the dog(s) is/are already entered in the show, (ii) the dog(s) is/are not already entered in another team in this heat and (iii) alterations are made before the run and recorded on the scribe sheet.
5. Dogs may only compete in one team in any given heat. Should one dog be entered in more than one qualifying team across the heats then the first team to have qualified will go through to the final and any subsequent teams will not be eligible (this DOES NOT apply to handlers).
6. The course must contain two changeover lines, clearly marked with start/finish poles, each with a minimum gate width of 4m. Dogs 1 & 3 start behind line A and finish behind line B. Dogs 2 & 4 start behind line B and finish behind line A. (Handler 1 may use a recall start). The inward and outward courses can be different, but both dogs from behind the same line must run the same course.
7. The course each dog is required to negotiate shall contain no less than 14 and no more than 20 obstacles.
8. This is a relay event and two suitable batons must be provided. All baton changes must be completed with the handlers and dogs behind the appropriate changeover line. Failure to comply with this, or an incorrect baton change (i.e. throwing or dropping the baton at changeover) will incur a penalty of 50 points on each occasion. Stewards may be appointed by the judge to adjudicate changeovers if required.
9. For each dog an elimination on the course incurs a single penalty of 100 points, however the judge will continue to mark any further faults on the remainder of the course and the faults of any remaining dogs.
10. The team with the fastest time and the least faults, wins. The top two teams from each heat qualify for the final (unless the heat is split – see rule 11).
11. If the entry for a heat exceeds the KC limit for a judge in a day then the class will be equally and randomly split. The winning team from each part will be regarded as the two qualifying teams from that heat.
12. Only the members of an original qualifying team (as specified on the scribe sheet at the time of the run) or the two original named reserves, will be allowed to compete in the final.
13. In the event of a team being unavailable for the final, a reserve team will be called from the heat in which the qualifying team qualified.

Individual trophies and rosettes will be provided for 1st and 2nd placed teams and individual rosettes will be provided for 3rd to 6th placed teams (in the event of a split heat, trophies will go to 1st and rosettes to 3rd for each part).

The advertisement features a light blue background. At the top left is a small Union Jack flag. In the center is a logo for 'SKIPPER'S' featuring a dog's face in a blue circle with waves. Below the logo are two yellow banners: '100% NATURAL FISH' and 'TREATS FROM GRIMSBY'. The text below reads: 'Using raw materials sourced from fish merchants around the UK, Skipper's offers high quality air-dried fish treats, Grain free Complete food and Human Grade Biologically Appropriate Raw Food. All packed with essential Omega Oils and the nutrients and fuel needed to help your dog reach their maximum performance.' Below this are six circular icons: a crossed-out grain stalk (GRAIN FREE), a leaf (NATURAL), a stomach (SENSITIVE), a drop (OMEGA OILS), a heart (HEALTH), and a dog silhouette (CONDITION). At the bottom left are several pieces of air-dried fish treats, and at the bottom right is a black and white dog's head. A blue banner at the very bottom contains the website 'www.skipperspetproducts.com'.

**DIRECTIONS TO VENUE**

**These routes have been chosen to avoid going through Southwell, although very pretty it has narrow streets with lots of parked cars!**

**From A1 (north & south)**

Exit at the junction with the A46 – follow the A46 in the direction Leicester / Nottingham / Mansfield (A617) At the roundabout at the end of the bypass take the third exit (Mansfield A617), follow the road until the first set of traffic lights and turn left– direction Staythorpe power station / Rolleston – continue on this road for approx 2 miles and turn right into Station Road in Rolleston (signed Rolleston Station) follow the road for approx 0.4 of a mile and turn left immediately after the level crossing (warning there is limited vision of the road you are crossing) – this route is fine for cars / small caravans however, if you have a large rig, instead of turning right, follow the racecourse signs into Fiskerton, taking a right where indicated and turning right again onto Occupation Lane just after the rail crossing & the racecourse entrance is approximately 1 mile ahead.

**From the M1 (north & south)**

If traveling from the north, if possible try and join the A1 asap, as much quicker from Newark.  
Exit the motorway at junction 28 (Mansfield) and follow the A38 to Mansfield, just after the Toby Carvery, make your way into the right hand lane, ready to turn into the A617 (Newark) at the next set of lights (2<sup>nd</sup> set after the Carvery) follow this road through 1 set of traffic lights and 4 roundabouts direction Newark. Go through Kirklington and Hockerton, at the next set of traffic lights marked Southwell / Racecourse, **IGNORE THEM &** carry on in the direction of Newark, at the second set of traffic lights turn right towards Staythorpe power station / Rolleston and follow the instructions as above.
