SKINNER'S

THE KENNEL CLUB OLYMPIA MEDIUM DOG AGILITY STAKES

Supported by Skinner's

This competition will be classified as Medium Dog combined Grades 3 to 7 and judged under the Kennel Club regulations for standard classes.

Competitors may enter more than one dog in a heat and may qualify more than one dog for the Semi-Finals. Handlers may qualify a maximum of two dogs for the Final which will be the highest placed dogs at the Semi-Final. Once a dog has qualified for the Semi-Final/Final, further heats may be entered for competition although any placings in these further heats will not affect the dog's eligibility for the Final/Semi-Finals.

The first two previously unqualified placed dogs from each heat will go forward to the Semi-Finals at the Kennel Club International Agility Festival held annually in August, the first ten dogs from this Semi-Final will qualify for the Final at the London Olympia Christmas International Horse Show (subject to the above).

Those dogs eligible to compete in Medium dog competition are those measuring over 350 mm (1 foot 1¾ inches) and those measuring 430 mm (1 foot 5 inches) or under at the withers.

The Laser knockout pairs

RULES

The 'Laser' Knockout Pairs is a fun competition, sponsored by Adams Agility

1) The class will be open to all large dogs.
2) There will be eight qualifying heats. The top four pairs from each heat will qualify for the Final, which will take place on Saturday 16th August 2014 at Adams Open Show at Catton Hall. Once a pair has qualified for the final, they may not run in further heats for the final which they have qualified for.
3) Handlers may enter more than one pair. Dogs may only compete in one pair in any heat. If a handler has entered more than one pair and is drawn to run against themselves, they may nominate another handler to run one of the dogs. That handler must then continue to run the dog for the rest of the heat and if they qualify for the final, they must run the dog in the final. Alternatively the handler can nominate which pair should continue in the heat.
4) The pairs will compete against each other over two similar courses. There will be a judge for each course. There will be a baton change between the first and second handler which must take place behind a line, failure to do so will incur 100 faults. Time and faults will be added together and the winning pair will be the one with the lowest time. The judges' decision will be final.
5) The course will consist of 10 obstacles, made up of jumps, tunnels and weaves (6 poles) only. Normal marking will apply. If a dog is eliminated, it will incur 100 faults. Should both pairs be eliminated, the pair which was eliminated first will lose.
6) The winning pairs from each round will go through to the next round until there is only one pair remaining.
7) Pairs will be issued with a running order which must be strictly adhered to. Pairs failing to run when due will be knocked out and the other pair will go through to the next round.
8) Only handlers and dogs originally entered may compete at the final (except in the case of rule 3). Any changes are at the organisers' discretion.

The winners and runners up for each heat will receive a trophy and rosettes will be presented to the last 8 pairs.

ELIGIBILITY AND DEFINITION OF CLASSES

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. Limited Agility Shows, special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Agility classes to include contact obstacles and Jumping classes where there are no contact obstacles. With this proviso classes are defined as follows:-

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for one or more consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will require one Agility win or three Jumping wins in standard classes at that grade, except that progression from Grade 5 will require 3 wins at Grade 5, one of which must be an agility class. Progression from Grade 6 will require 4 wins at Grade 6, two of which must be Agility classes. Results from Combined Classes will only count towards progression from the dog's current grade.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers) except that there is no requirement for a minimum number of agility points. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however, once a dog has progressed, it cannot return to a previous grade. Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the three jumping wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

DOGS IN CARS ON HOT DAYS

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts travelling to and whilst at KC licensed events.

- When travelling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.
- The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.
- Ensure your dog is not sitting in full sunlight. There should be plenty of free flowing air around the dog.
- When at the show, never leave your dog in the vehicle.
- Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.
- Avoid your dog taking part in unnecessary exertion, or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

WARNING: IF YOUR DOG IS FOUND TO BE AT RISK FORCIBLE ENTRY TO YOUR VEHICLE MAY BE NECESSARY WITHOUT LIABILILTY FOR ANY DAMAGE CAUSED.

Anyone whose dog is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise.
